Instructive, amusing, colorful—pictorial maps have been used and admired since the first medieval cartographer put pen to paper depicting mountains and trees across countries, people and objects around margins, and sea monsters in oceans. "These very attractive and so-uncool-they're-cool-again pictorial maps take me back to my own childhood and the last days of their once considerable popularity. A surprisingly large number of these feature Massachusetts or New England areas. I remember variations on the Harvard map were still to be seen.
