

Download Women Warriors A History

Global in its focus and pan-historical in its scope, *Women Warriors* includes the stories of scores of women leaders, soldiers, pirates, outlaws, terrorists, cavalry leaders, and more. *WOMEN WARRIORS* takes the reader back through history and around the world to uncover a clear pattern of women as warriors. It is a fascinating comment on the nature of gender, on the power of the warrior image, and on the image's source in history. Reprint of the 1997 work in which cultural anthropologist Jones looks at women in the military and in wars and battles throughout history and around the world, presenting stories of women soldiers, leaders, pirates, outlaws, and terrorists in ancient times and in modern conflicts such as the Indochina war.
